**Surveillance and Monitoring of Learners Vaccinated with Dengvaxia**

To: Division PTA Federation Officers  
Elementary School Heads  
(Through Public Schools District Supervisors)

This pertains to the actions and measures undertaken by SDO Bulacan regarding Surveillance and Monitoring of Learners who have been vaccinated with Dengvaxia.

In this connection, all schools are advised to:

1. Identify and update list of pupils vaccinated by Dengvaxia starting SY. 2015 – 2016 up to SY. 2017 – 2018 as reflected on their Individual Health Card/ Immunization Card.
2. Teachers shall immediately report pupils (fill up attached template) who had fever and with symptoms of Dengue to the nearest RHU. (Notify school nurse assigned)
3. Provide thermometers in all schools to monitor febrile conditions of pupils.
4. Avail free hospital and laboratory benefits once admitted at Bulacan Medical Center express lane for pupils previously vaccinated and diagnosed with Dengue.
5. Minimize movement of Grade VI pupils (who have vaccinated) to other schools/districts. If inevitable, provide medical clearance and immunization card to pupils transferring to other schools for monitoring purposes.
6. Conduct Parent Orientation and Awareness Campaign on Dengue Prevention in schools. (coordinate with school nurses)
7. Massive Campaign on 4's
  - Seek and Destroy
  - Self-Protection
  - Seek and Early Consultation
  - Say "Yes" to fogging

The usual cooperation and support is earnestly appreciated.
