NICOLAS T. CAPULONG

OIC-Regional Director

Region III

Maimpis, City of San Fernando, Pampanga

Dear Dr. Capulong,

The Education Research Program (ERP) of the University of the Philippines Center for Integrative and Development Studies (UP-CIDS) is investigating how school learning action cell (LAC) sessions would impact on improving teachers' knowledge, attitudes, and competencies in teaching Grade 6 Science.

In line with this, we are conducting an online survey that will identify the areas of the Grade 6 Science curriculum that teachers would need assistance in as well as the challenges they face in teaching this subject. The identified challenges will then be addressed through the LAC sessions.

We hope that through the Science education specialists in your region and divisions, Grade 6 Science teachers could be encouraged to participate in the survey. We are targeting at least 100 Grade 6 Science teachers to answer the online survey which could be accessed until March 15, 2019 at:
