1. The Department of Education-Region III in coordination with the Field Technical Assistance Division (FTAD) will facilitate the provision of technical assistance to Schools Division Offices through online platforms and communication to ensure the continuous delivery of services in light of the stringent social distancing measure amidst the COVID 19 health crisis.
2. Technical assistance (TA) is the process of providing targeted support to an organization with a development need or problem. It is commonly referred to as consulting or coaching. TA may be delivered in many different ways, such as one-on-one consultation, small group facilitation, or through a web-based clearinghouse.
