Peace and all good!

Mindful of the importance of integrated research in the field of basic and higher education, the Asia Pacific Movement for the Advancement of Pedagogy and Research (APMAPeRe) and the Philippine Continuing Professional Development Training Center, Inc., an accredited continuing professional development (CPD) provider by the Professional Regulation Commission (PRC), will host the 2020 International Integrated Research Conference (IIRC) online on October 16-18, 23-25, 2020. Its theme is 'Autonomy of Learning and Integrated Research Towards Industrial Revolution 4.0'. The goal of the said conference is to provide the participants the opportunity to listen to plenary speakers who are experts in different fields of pedagogy; present papers in the breakout sessions and observe other experts and presenters.

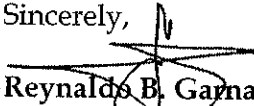

Same as last year's event, the stellar research studies presented at the confab will be printed in an electronic journal. Twenty (20) criminal justice research studies will be peer reviewed and printed in the Philippine Criminology Journal Volume 2, Issue 1; and forty (40) educational research will be printed in the Kahusayan, An Interdisciplinary Research Journal for Educational Research. In addition, this year we will be launching the Philippine Journal on Action Research where we will publish twenty (20) of the best research studies on action research.

In this regard, we invite professional, graduate students and any interested party in your university to its 2020 iteration. Registration fee is at Php 4500 for research presenters and Php 2500 for non-presenters. Herewith is the tentative flow of activities and the call for papers.

Should you have other questions on the details of the conference, our Secretariat can be contacted at 09178053370, 09338674931 and (02) 4180975.

As I anticipate your favorable response, allow me to extend my gratitude in advance.

Sincerely,

Reynaldo B. Garnace, DA
