Usapang Isipan Webinar

1 message

Phi Kappa Mu Fraternity <secretariat@phikappamu.com>

To: bulacan@deped.gov.ph

The Phi Kappa Mu Fraternity of the UP College of Medicine has organized Usapang Isipan, which aims to increase the awareness of people regarding mental health, and break the stigma surrounding it. In this time of pandemic, we plan to use this same project to raise awareness regarding the impact of COVID-19 to wellness, not only physically but also to the mental state of the Filipino people by holding online discussions. This will be a panel discussion composed of individuals from the academe, psychiatry, and wellness sectors. Specifically, the discussions will revolve around the impact of online learning to the students, academically and mentally and how we can address this based on the perspectives of each panelist.

In line with this, we would like to partner with your office on our upcoming Usapang Isipan online event: Zooming in on the Daily Life of a Student in the Pandemic this October 24, 2020, 4:00 - 6:00 PM. As a partner, we wish to request your assistance in disseminating this invitation to the schools under the jurisdiction of your office and reach participants from high school students to faculty teachers, administrative officers and guidance counselors. In return, we will be recognizing you as a major partner in this event, and include your logo in the publicity materials.

We are also pleased to announce that one of our esteemed panelists is DepEd Usec. Diosdado M. San Antonio. We are confident that any questions related to education in the quarantine setting, especially for high school students, will be comprehensively answered by him.

Should your office be interested in becoming a partner, please reply to this message! 😊

You may also access our registration form through this link:
