SUBJECT : TRANSMITTAL MEMO: 2021 TEACHER TECH SUMMIT

DATE : 06 APRIL 2021

This is in reference the annual Teacher Tech Summit organized by T4 Education. The organization will be hosting its inaugural 2021 Teacher Tech Summit on April 17, 2021, Saturday at 8PM - 11PM MNL Time.

The global pandemic has demonstrated the need for schools to adopt and adapt new practices to ensure our children continue to receive a high-quality education. T4 knows teachers have been adapting and sharing their practices informally during the pandemic. We also know that teachers are key to ensuring schools can fulfil their ambitions.

T4 Education wishes to provide teachers with a platform to share their expertise and practical experiences using educational technology, with a global audience. At the Teacher Tech Summit, T4 seeks to help teachers cover these areas:

1. Designing learning for hybrid environments
2. Engaging learners online
3. How to create good digital content
4. Assessing learning online
5. Ensuring no-one is left behind in online learning

They are selecting teachers from different contexts who are proficient in their use of tech to 'show and tell' from their real-life experience of how they incorporate various tools into their teaching.
