**MAY B. ECLAR, PhD, CESO III**  
Regional Director  
Department of Education  
Regional Office III

Dear Dir Eclar,

During this Global Road Safety Week with the theme Streets for Life: #Love30, we join the millions of road users worldwide in urging our community leaders to build streets for life—streets where we can walk, live, and play safely—by ensuring that motor vehicles travel at 30kph or less on these roads. We 'love 30' because vulnerable road users have a greater chance of surviving a crash at this speed, knowing that the risk of death or serious injury increases exponentially at speeds above 30kph. Loving 30, or setting speed limits of 30kph or less on roads where people and vehicles mix -- can be the difference between life and death.

With this, we would like to invite you and your senior high school students for the said celebration on May 31, 2021 at 1:00pm onwards via Cisco webex online teleconference.

For confirmation and inquiries, you may contact Ms. Rizette Musni at 0947 939 28 93 or email us at [dirability@centralluzon.doh.gov.ph](mailto:dirability@centralluzon.doh.gov.ph). See the link below.
