**DIVISION MEMORANDUM**

No. 247 s. 2021

**DIVISION ONLINE TRAINING-WORKSHOP ON AUTHENTIC ASSESSMENT  
AND GRADING IN ALL LEARNING AREAS**

To: CID and SGOD Chiefs  
Elementary School Heads  
All Others Concerned

1. This training program is designed to assist instructional leaders and teachers in all learning areas across grade levels in doing authentic assessment and grading that will aptly measure the academic performance of all learners in the regular and specialized basic education curricula. Basis for the training is the recently concluded regional monitoring and validation of K to 12 MELCs implementation, assessment of learning outcomes and grading, special curricular programs implementation, and LRMDs management (R.M. no. 78, s.2021) in all learning areas across grade levels which identified gaps and deficiencies particularly in the utilization of different assessment methods and tools. The findings supported the need for consistency in the distribution of Higher Order Thinking Skills (HOTS) and Lower Order Thinking Skills (LOTS) in summative tests in all learning areas, the need for integration of assessment across learning areas and the need for appropriate design on the assessment of the different distance learning delivery modalities. Hence, there is a need to capacitate the school heads, head teachers, master teachers, and teachers through retooling in assessment and grading. In this light, there will be Division Online Training Workshop on authentic Assessment and Grading in all Learning Areas. This will be implemented on two batches: Batch 1 is scheduled on November 22-26, 2021; while Batch 2 is on November 29-December 3, 2021 using MS Teams and FB Live.

2. This training has been awarded a certificate of recognition for having complied with the requirements of DepED Order No. 1 s. 2020 also known as Guidelines for NEAP Teachers and School Leaders with Program / Course Recognition No. R3- PD – 2021- 0020 – 0915. The said webinar is entitled to a PRC Accredited units.

3. The webinar aims to provide the participants on the knowledge, skills and attitude on the use of Structure of Observed Learning Outcome (SOLO) framework in test and rubrics construction; to equip the participants in designing, selecting, organizing, and using diagnostic, formative, and summative assessment strategies consistent with curriculum requirements and adapted to the remote learning modality; to create test item banks for written works and performance-based assessment aligned with the Most Essential Learning Competencies (MELCs); and to Create a monitoring tool to assess teacher's progress in designing authentic assessment.
