Schools Division Superintendent
Department of Education – Bulacan Division

Subject: Request for Philippine Identification System (PhilSys) On-Site Registration in Schools with Face-to-Face Classes

Dear Ms. Mostelos:

Greetings from PSA Bulacan.

The Philippine Identification System (PhilSys) aims to register all Filipinos aged 5 years old and above in the country. To intensify its campaign for inclusive identification system, our agency reaches out to different government and private institutions to conduct on-site registration. This enables us to reach more people by bringing closer our services to the public.

In line with this, the gradual re-opening of the educational institutions for face-to-face classes and the lowering of the community quarantine restrictions in the province will provide a great opportunity for us to work together with your agency and meet our timeline and goal to register majority of the population until end of 2022. Thus, we would like to seek your assistance in order for us to conduct institutional registrations in various schools across Bulacan.

More specifically, we would need your assistance for the following:

1. Providing access to school premises and other DepEd education facilities for the conduct of PhilSys registration;
2. Registration of school personnel, students and their family members aged 5 years old and above; and
3. Information dissemination regarding PhilSys.

REPUBLIC OF THE PHILIPPINES
PHILIPPINE STATISTICS AUTHORITY
BULACAN

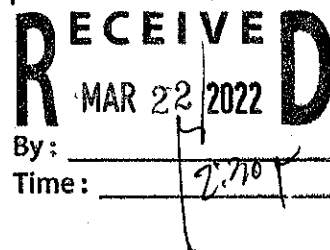

We are more than willing to discuss with you in details the requirements in setting up PhilSys on-site registration in the identified educational institutions, the roles of both our agencies in the registration process, and other terms and conditions that will be identified along the way.

For any further queries and clarifications, you may contact our Acting Focal Person, Ms. Noeville Nacion, at 09338218012.

Thank you very much for your usual support.

Yours truly,

MARCELINO O. DE MESA
(Supervising Statistical Specialist)
Officer-in-Charge
