Greetings from The LoveLife Project for Health & Environment Inc. (LoveLife Project), an internationally awarded independent media, marketing, and technology organization founded in 2014 by media professionals and health enthusiasts who come from marginalized groups, with a mission to use our art, media expertise, and influence to educate about holistic, intersectional, antifragile, and integrative approaches to living optimally healthy, happy, productive, and empowered. Since its creation, LoveLife's Youth Antifragility, Empowerment and Health Advocacies (YAEHA) Channel has been a pioneering force in developing influencers who are world-class creators and contribute to society.

I send you this letter because I would like to offer free slots for some of your student leaders and officers of the Parents-Teachers Association for our event **"Wellness'kada Tv Series Screening and Webinar on Antifragility in the New Normal: Post – Traumatic / Pandemic / Election Healing and Growth for the Youth by the YAEHA Channel"** on May 20, with two batches: from 8:30 am to 12:30 pm for younger high school levels and from 1pm to 5pm for upper level junior high school student officers and for senior high school student officers. We can also accommodate officers of your district Parents-Teachers Association for a maximum of twenty slots for the Saturday, May 21, 9am to 5pm batch.

Last year, we won a contest grant from the National Council for Children's Television to produce an advocacy digital series titled "Wellness'kada", which is about a group of youth who stayed in the dormitory at the time of the pandemic and formed a virtual support group called @wellnesskada. The series tackles mental health, the pandemic, infectious and chronic diseases, and ways of coping for the young.

The event aims to educate and empower our children and youth, as well as their teachers and parents about resilience and antifragility, to make them stronger even during unforeseen events like the pandemic, or failure, or calamities and tragedies, and other stresses and challenges.

The Wellness'kada Antifragility Webi-Fest will have two half-day sessions on the 20th, one in the morning for grades 5 to junior high school, and another in the afternoon for junior high school to senior high school. A full day session appropriate for senior high school to college students beginning at 9 am to 5 pm is scheduled on Saturday, May 21.

We offer you free tickets with the following details:

1. thirty (30) tickets for your first year and second year level students for May 20, 8:30 am to 12:30 pm schedule of screening and webinar.
2. fifty (50) tickets preferably for your student leaders, pilot sections, and officers of PTA, for May 20, 1 pm to 5 pm schedule.
3. twenty (20) tickets for your students, preferably the higher levels, for May 21, from 9 am to 5 pm, whole day schedule.

The event charges minimal fees to attendees but this is 100% waived for your 100 select participants. If you wish to discuss this in detail, just propose your preferred date and time, so we can meet virtually and discuss.

Attached are details of our events.

You may call me at 09063292818 or email me at lovelifepwdfest@gmail.com and I shall be glad to assist you. Please note that this project is youth-led and a YAEHA Youth Volunteer Advocate may have sent you this proposal."

Thank you and always be blessed!

Advisory
No. 021, s. 2022

To: Junior and SHS Secondary School Principal and SHS
