I. RATIONALE

The Department of Education (DepEd) upholds the principle of promoting the welfare, safety, and security of learners and personnel at all times. Accordingly, in times of disasters and calamities, safeguarding the learners and personnel from unnecessary physical dangers that they may be exposed to, and protecting their constitutional rights to life, health, safety, and property, remain to be department's paramount consideration.

In line with the existing policies of the department in ensuring the safety and security of our learners and school personnel, it recognizes the need to suspend or cancel classes and work in schools during emergencies brought about by natural disasters and calamities, or the occurrences of brownouts in places where schools are located.

Thus, this Order is being issued to provide guidance on the suspension of classes due to disasters or calamities, or power outages or interruptions, to spare the pupils, students, teaching and non-teaching personnel in schools from unnecessary dangers to their lives and limbs.
