Dear Rowena Quiambao

Greetings!

This coming April 17-21, 2023, the Intellectual Property Office of the Philippines (IPOPHL), thru the IP Academy, will be conducting the MCLE on IP and Technology Laws in Cebu City.

The 2023 MCLE on IP and Technology Laws is a 5-day advanced training program designed to provide legal professionals with the knowledge and skills necessary to navigate the complex and rapidly changing field of intellectual property and technology laws. The program will cover a wide range of topics, including patents, trademarks, copyrights, and other forms of intellectual property. It will also delve into the legal and ethical issues arising from the introduction and use of new technologies, such as the internet, blockchain, and artificial intelligence. The program is part of IPOPHL's strategy towards enhancing IP education and awareness, not just among IP specialists and law practitioners but also among general IP stakeholders.

The program is accredited for the full 36 credit units of the MCLE (for lawyers) and is also open for other professionals. Below are the corresponding fees:
