Get ready for the next Global Talent Mobility

We are pleased to invite you to the 6th GAIN National Convention on June 23, 2023 from 8:00 AM-5:00 PM at AIM Conference Center and Online via Zoom, with the theme "Internationalization of Workforce: Global Talent Mobility through International Standards". This convention allows individuals to gain valuable knowledge of the international standard that can enhance their personal and professional development by increasing their competitive advantage and innovation.

This convention is designed specifically for deans, administrators, executives, leaders, professionals, faculty, and students who are interested in expanding their global perspective and driving success in today's rapidly changing world.

Reproduction No. 099, S. 2023

RESOURCE SPEAKER

Dr. Jose Cueto, Jr.

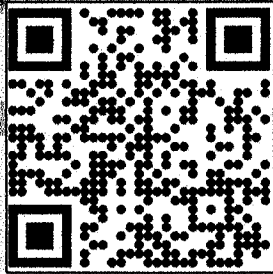

*Commissioner - Professional Regulation
Commission (PRC)*

Global regions around the world have created their own frameworks for recognition and credential mobility such as the European Qualifications Framework (EQF), Australian Qualifications Framework (AQF) and others. In this session, we will discuss all these various Qualification frameworks and how these relate towards international mobility and credentials recognition.

RESOURCE SPEAKER

Mr. Gerardo Borromeo
CEO of Phil. Transmarine Carriers

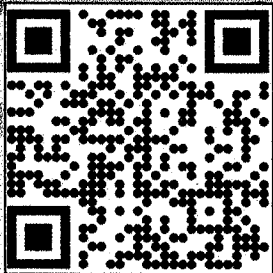

In 2021, Philippines had over 380,000 seafarers and was the world's top provider of seafarers or over a quarter of all global shipping merchant crew members. In 2022, the European Maritime Safety Organization (EMSA) flagged 20+ audit issues against Philippine training institutions which threatens the livelihood of over 50,000 Filipino seafarers.

In this session, we will learn about the various maritime organizations such as EMSA, IMMAJ, and Marina as well as the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers (STCW) what went wrong and how can we save our seafarers from being deprived of employment

Topic

Meeting the International Standards of the Banking and Financial Industry

RESOURCE SPEAKER

Mr. Roderick Danao
Chairman
Pricewaterhousecoopers (PwC)

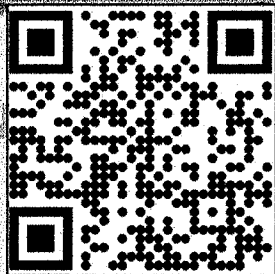

More than \$150 trillion dollars flow through cross border payments yearly. In the post-pandemic, many Filipinos are finding jobs in the global financial industry and working for Wall Street from home. In this session, we will discuss the different financial certifications and standards needed in order to be part of the global financial industry such as: GAAP, IFRS, CFA, and ACCA.

RESOURCE SPEAKER

Ms. Gina Romero
*Founder and Head of Special Projects
Connected Women*

Gina Romero is a Filipino-British entrepreneur, community builder, and technology advocate. She is the Founder and Head of Special Projects at Connected Women, a socially responsible AI and digital task outsourcing community that aims to improve the lives of Filipino women through meaningful online work.

In her session, you will learn about the skills and certifications needed by most freelance workers including: Google Analytics, Facebook Certification, Adobe Certified Expert and more. This session will also share personal stories on how Filipino women working remotely learned to navigate Artificial Intelligence engines from around the world.

International Skills Needed for the Worldwide Freelancer Economy - Providing Employment for the Unemployed

RESOURCE SPEAKER

Clarissa Segismundo

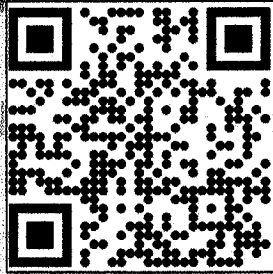

*Education Programs & Skilling Lead
Microsoft Philippines*

As the Education Programs & Skilling Lead of Microsoft Philippines, Clarissa drives the strategic growth and expansion of education transformation across the country through programs that support student skilling and employability, educator capacity building, and digital transformation in academic institutions. With the right tool and program, school leaders, educators, and students are given the opportunity to use technology to improve teaching, accelerate learning, support career development, and address the needs of diverse learners.

She is passionate about how technology can empower lives and believes that relevant education, combined with future-ready skills are key to economic progress and nation-building.
