SUBJECT : OBSERVANCE OF THE NATIONAL DISASTER RESILIENCE MONTH (NDRM)
2023

DATE : JUN 07 2023

Executive Order No. 29, s. 2017 designates July of each year as the National Disaster Resilience Month (NDRM) throughout the country and mandates the conduct of activities relative to building resilience covering the four (4) thematic areas prevention and mitigation, preparedness, response, and rehabilitation and recovery.

The theme for this year's observance is "*BIDAng Pilipino: Building a Stronger Filipino Well-being towards Disaster Resilience*". Coming out of the pandemic, the health emergency emphasized that the most valuable asset in facing such emergency events is the manpower itself. Thus, the NDRM celebration this year aims to focus on ensuring that the well-being of every Filipino is well taken care of so that they can efficiently contribute in the effort to build a disaster resilient nation.

In this regard, all are enjoined to support, promote and participate in the following RDRRMC3 lined-up activities for the observance of NDRM 2023:
