Attention: **Cecilia S. Custodio, Ph.D**
Chief, SGOD

Dear **Dr. Esteban,**

Greetings of Peace!

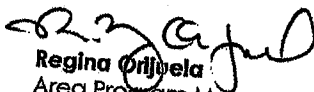

To strengthen the complementarity between the Department of Education and FHBO, Inc., we embarked on a Three-Day Enhancement Training on School Improvement Plan in FY 2022. This event was participated by School Heads in both elementary and secondary schools and representative members of the SPT including the BLGUs where the schools are located. As an international NGO, we include global crosscutting issues on DRR and Education in Emergency (EIE) in our training. These crosscutting issues are impacting all the four pillars of BEDP 2030 – ACCESS, Equity, Quality and Resilience and Wellbeing.

Guided by the principles stated in DepEd Order no.29, 2022 Adoption of the Basic Education Monitoring and Evaluation Framework (BEMEF), one of which is M&E should contribute to improved governance, FHBO will once more solicit your support to conduct monitoring of the SIP implementation under FHBO's area of influence. With the expertise of the SGOD specialists, we will solicit your concurrence on the indicators for each pillar, improve the indicators and suggest how we can improve the tool we drafted. The results of the M & E will guide us further on how we can contribute in the development of agencies of the children and youth in your schools.

In line with the intended activity, we would like to **seek an appointment with you, maybe on the first week of March**, where we can sit down together and co-create a suitable plan. During that meeting, we would also be requesting the approval of a **One-day SIP Monitoring Workshop to be scheduled in March** as part of our commitment to the SIP Workshop. Again, let FHBO be your partner in the attainment of the school's Kaizen.

Thank you and we hope for your favorable response. God bless you!

Very truly yours,

Regina Orjuela
Area Program Manager
