GRADUATION MESSAGE

Caps off to you, class of 2024! Well done!

Graduation represents the culmination of years of hard work, late nights, and overcoming obstacles. Each one of you has a story to tell, a journey filled with both triumphs and challenges. Now is the time to celebrate your resilience, your determination, and your unwavering commitment to success.

As you look back on your time in school, remember the moments when you thought you couldn't go on, but you did. Remember the times when you faced adversity and came out stronger on the other side. Your ability to overcome challenges, to adapt to change, and to keep moving forward is a testament to your strength and your character.

As you embark on this new journey, remember that the same resilience that has brought you to this moment will continue to serve you well in the future. There will be challenges ahead, moments of doubt, and times when you feel like giving up. But I urge you to stay strong, to stay focused, and to never lose sight of your goals.

Believe in yourself, stay positive, and never underestimate the power of perseverance. Surround yourself with people who lift you up, who believe in you, and who encourage you to keep going, even when the going gets tough. Remember that success is not final, failure is not fatal: It is the courage to continue that counts. So, continue to dream big, work hard, and never give up on yourself or your dreams.

I am incredibly proud of each and every one of you. I have no doubt that you will go on to accomplish great things and that you will continue to demonstrate the resilience that has brought you to this moment.

Congratulations again Class of 2024. May you continue to thrive, to grow, and to inspire others with your resilience.

(SGD.) NORMA P. ESTEBAN EdD, CESO V
