1. This is to announce the launch of the first batch of the VeggieEskwela Online Training of Trainers Program in partnership with the East-West Seed Foundation (EWSF).
2. The VeggieEskwela Online Training of Trainers Program is a comprehensive webinar series designed to educate and empower participants in the cultivation of vegetables. Led by a seasoned Agriculturist trainer, the program spans five weeks with weekly sessions lasting 2 to 3 hours each. The training delves into vegetable production as a pivotal aspect of a healthy lifestyle and an essential contribution to food security. Through hands-on vegetable gardening training and knowledge transfer, participants are equipped with the necessary skills to cultivate vegetables at home or within educational settings.
3. The overarching goal of this initiative is to build the capacity of participants in vegetable cultivation, arming them with the knowledge and resources needed to share their learnings with their schools and communities effectively. By providing learning materials and fostering a culture of knowledge dissemination, the program aims to create a ripple effect of vegetable cultivation practices that promote sustainability, health, and community empowerment.
4. To coordinate logistics and prepare for this activity, an online focus group meeting is scheduled on August 14, 2024, Wednesday, at 1:00 in the afternoon via Zoom platform: <https://tinyurl.com/VeggieEskwelaBulacan1> This meeting will be facilitated by representatives from East-West Seed Foundation, to be attended by the concerned participants (*see attached enclosure*), Division Partnership Focal Person, and Division Gulayan sa Paaralan Program (GPP) Focal Persons.
