Dear Dr. Esteban,

Greetings from all of us at Children International!

Children International is a nonprofit organization that works to alleviate poverty through a long-term, comprehensive, and data-informed approach to child development. To empower youth to transform their lives and have a good impact on communities, we establish ourselves in vulnerable, densely populated areas and provide one-on-one support and individualized growth possibilities. Each child must graduate from our programs in good health, with a solid education, empowered and capable of finding work, to escape the poverty cycle.

In the past 80 years, we have created a high-impact methodology that offers underprivileged kids the skills they need to build better futures for their families and communities.

This year, 2025, our organization will continue its expansion and growth in the town of Calumpit, Bulacan, including San Miguel Hagonoy. This means we will be adding 1500 participants to our sponsorship program to empower and equip them to build better futures.

We kindly request the support of Schools Division of Bulacan and the school heads in this initiative by attending a face-to-face meeting with us on January 16, 2025, at 9:00 AM. This meeting will provide an opportunity to discuss our organization's mission and values, explore the details of our sponsorship program, and identify collaborative strategies to empower more children and families in our community.
