1. This is to announce the conduct of the second batch of the VeggieEskwela Online Training of Trainers Program in partnership with the East-West Seed Foundation (EWSF). The first batch was successfully held last August 28, 2024 – September 25, 2024 with 26 participants.
2. The VeggieEskwela Online Training of Trainers Program is a free comprehensive webinar series designed to educate and empower participants in the cultivation of vegetables. Led by a seasoned Agriculturist trainer, the program spans five weeks with weekly sessions lasting 2 to 3 hours each. The training delves into vegetable production as a pivotal aspect of a healthy lifestyle and an essential contribution to food security. Through hands-on vegetable gardening training and knowledge transfer, participants are equipped with the necessary skills to cultivate vegetables at home or within educational settings.
3. The overarching goal of this initiative is to build the capacity of participants in vegetable cultivation, arming them with the knowledge and resources needed to share their learnings with their schools and communities effectively.
