Young people are at the forefront of creating positive change in their communities. To empower the next generation of leaders, innovators, entrepreneurs, and changemakers, **SM Cares, Global Peace Foundation Philippines, the ASEAN Business Advisory Council (ASEAN-BAC) Philippines, the National Youth Commission**, and partner organizations are organizing a series of youth-focused events in 2026.

These include the **ASEAN Youth Entrepreneurship Summit 2026, Global Youth Summit 2026, and the Mental Health Caravan**—platforms that provide opportunities for leadership development, entrepreneurship, collaboration, volunteerism, and mental well-being.

Global Peace Foundation Philippines, a non-governmental organization accredited by the Philippine Council for NGO Certification (PCNC) and an associate member of the Association of Foundations (AF), continues to work in partnership with various government agencies, private sector institutions, and civil society organizations to promote character and leadership development, youth empowerment, and sustainable nation-building. Through our programs, we seek to cultivate responsible citizenship and equip young people with the skills, values, and networks needed to become agents of positive change.

In this regard, **we are pleased to invite the students of Bulacan** to participate in these events and join thousands of young people from across the Philippines and Southeast Asia in learning, connecting, and creating positive impact.

Please find below the schedule of activities, including the dates, venues, and event details.

ASEAN YOUTH 2026 ENTREPRENEURSHIP SUMMIT

POWERED BY GLOBAL YOUTH SUMMIT

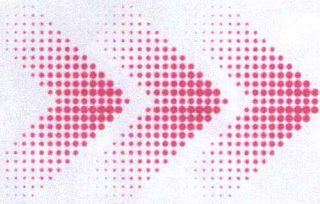

ASEAN YOUTH ENTREPRENEURSHIP SUMMIT 2026

Where ASEAN's Next Generation of Entrepreneurs, Innovators, and Changemakers Come Together

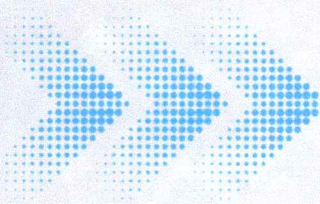

This year marks our biggest and most impactful initiative yet. Expanding beyond a single gathering, it will feature three key activations focused on **youth leadership, entrepreneurship and mental health** — strengthening the role of the **youth as active partners in nation-building**. Through these platforms, we aim to empower young people to lead, innovate, and contribute meaningfully to a more inclusive and progressive society.

YOUTH LEADERSHIP

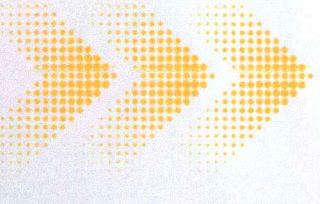

The Global Youth Summit is a premier platform that brings together young leaders, changemakers, innovators, and advocates from diverse communities to spark collaboration, inspire action, and drive meaningful impact. Dedicated to empowering the next generation, the summit creates opportunities for learning, dialogue, and leadership development that encourage the youth to become active contributors to nation-building and social progress.

ENTREPRENEURSHIP

Anchored on the vision of the Global Youth Summit, the ASEAN Youth Entrepreneurship Summit 2026 is more than just a gathering—it is a movement that believes in the power of young people to lead meaningful change across the region. Bringing together aspiring entrepreneurs, innovators, and youth leaders from across ASEAN, the summit serves as a platform for collaboration, learning, and action-driven leadership. Through meaningful discussions and cross-cultural exchange, it aims to inspire a new generation of ASEAN leaders to dream bigger, collaborate beyond borders, and lead with purpose for the greater good while shaping a more inclusive, progressive, and resilient future for the region.

MENTAL HEALTH

Designed as a youth-centered and community-based initiative, the Mental Health Caravan seeks to create safe and inclusive spaces where young people feel seen, heard, and empowered to prioritize their mental health and emotional well-being. Through interactive talks, mental health awareness sessions, wellness activities, creative spaces, peer engagement, and access to psychosocial support and referrals, the program hopes to normalize conversations surrounding mental health while encouraging self-care, empathy, and early intervention.

For 14 years, the **Global Youth Summit (GYS)** has continued to serve as a platform that empowers young people with the knowledge, skills, networks, and inspiration needed to address today's most pressing global challenges.

Since its inception, GYS has brought together thousands of young leaders from across the Philippines and the ASEAN region—creating spaces for learning, collaboration, innovation, and meaningful action. Through strong partnerships with government institutions, civil society organizations, schools, youth groups, and the private sector, the summit has connected youth with respected leaders, changemakers, entrepreneurs, and advocates who serve as mentors and role models for the next generation.

As the Philippines hosts the ASEAN Summit in 2026, the 14th Global Youth Summit aims to further strengthen regional collaboration and youth engagement through initiatives such as the ASEAN Youth Entrepreneurship Summit and nationwide youth mobilization activities across Luzon, Visayas, and Mindanao.

These meaningful collaborations continue to help shape a generation of socially aware and action-driven young leaders committed to advancing the Sustainable Development Goals (SDGs) and creating positive impact in their communities. From grassroots initiatives to large-scale social action campaigns, GYS alumni and participants continue to lead movements that promote peace, sustainability, innovation, and inclusive development long after the summit concludes.
