DIVISION MEMORANDUM
No. 522 **s. 2026**

DIVISION-WIDE TREE-PLANTING AND SCHOOL-BASED ENVIRONMENTAL ACTION INITIATIVES IN OBSERVANCE OF THE 2026 GLOBAL WARMING AND CLIMATE CHANGE CONSCIOUSNESS WEEK

To: Assistant Schools Division Superintendents
Chief Education Program Supervisors of CID and SGOD
Education Program Supervisors
Public Schools District Supervisors
Public Elementary and Secondary School Heads
Division Learner Formation Coordinators
All Others Concerned

1. Pursuant to Presidential Proclamation No. 1667, s. 2008, Memorandum Circular No. 140, s. 2026, and DM-OUOPS-2026-07-04662 titled "Nationwide Tree-Planting and School-Based Environmental Action Initiatives in Observance of the 2026 Global Warming and Climate Change Consciousness Week", the Department of Education Schools Division of Bulacan through the Division Learner Formation Program Unit, joins the nationwide observance of the **2026 Global Warming and Climate Change Consciousness Week** on November 19-25, 2026, with the theme *"Komunidad, Kooperasyon at Koordinasyon para sa Klima."* The observance underscores the importance of collective action among government institutions, schools, communities, and other stakeholders in advancing climate awareness, environmental protection, and climate resilience.

2. In support of this initiative, and in recognition of the increasing importance of climate adaptation and preparedness amid the prevailing El Niño conditions, this Division shall conduct a **Division-wide Tree-Planting and School-Based Environmental Action Initiative** on November 20, 2026 (Friday) with the active participation of the Youth for Environment in Schools Organization (YES-O) officers, advisers, and other interested learners and school personnel.

3. The initiative aims to strengthen environmental responsibility, climate consciousness, and learner participation through meaningful, sustainable, and community-responsive environmental activities. Specifically, it seeks to encourage learners to actively participate in environmental conservation, support school and community preparedness for the effects of El Niño, promote responsible use of natural resources, and strengthen partnerships among schools, local government units, and relevant environmental agencies.

4. All public elementary and secondary schools, through their respective YES-O officers and advisers, are encouraged to conduct simultaneous tree-planting activities on November 20, 2026 (Friday) in school premises or in suitable areas in the communities where the schools are located. Schools are likewise encouraged to implement complimentary environmental activities during the observance of Climate Change Consciousness Week which may include the following:
   4.1. Tree Planting and Tree-Growing Activities;
   4.2. Water Conservation and El Niño Preparedness Campaigns;
   4.3. School and Community Environmental Action;
   4.4. Climate Change Awareness and Learner Advocacy; amd
   4.5. Sustainable School Greening Activities.

5. This Office and the participating schools shall coordinate with the Department of Environment and Natural Resources (DENR) for the identification of suitable tree species, possible provision of seedlings, technical guidance on appropriate planting sites, and recommended tree-growing and maintenance practices. If the DENR cannot provide the seedlings. schools with nurseries may use their own seedlings or they can request directly from their local City/ Municipal Environment and Natural Resources Offices.

6. To document the implementation of this initiative, participating schools shall prepare a brief accomplishment report using the prescribed **School Accomplishment Report Template (Annex B of the attached DM-OUOPS-2026-07-04662)** indicating the activities conducted, number of participating learners, number and species of trees planted, where applicable, and corresponding sustainability or maintenance arrangements. Reports shall be submitted to the DepEd Schools Division Office of Bulacan, through the Division Learner Formation Program Unit, on or before November 30, 2026. Please see the attached Memorandum Circular No. 140, s. 2026, and DM-OUOPS-2026-07-04662 for complete information.

7. Expenses relative to the conduct of the said activities may be taken from the school's local funds, subject to the usual accounting and auditing rules and regulations.

8. Immediate and widest dissemination of this Memorandum is desired.

CECILIA E. VALDERAMA, PhD, CESO VI
Schools Division Superintendent

Office of the President
Malacañang

MEMORANDUM CIRCULAR NO. 140

DIRECTING PARTICIPATION AND INVOLVEMENT OF ALL GOVERNMENT AGENCIES AND INSTRUMENTALITIES IN THE CELEBRATION OF THE 2026 GLOBAL WARMING AND CLIMATE CHANGE CONSCIOUSNESS WEEK

WHEREAS, Section 16, Article II of the Constitution guarantees the right of the people to a balanced and healthful ecology in accord with the rhythm and harmony of nature;

WHEREAS, in line with the policy of the State to advance the general health and welfare of its citizens, promote sustainable development of its economy, and protect natural resources for the benefit of all generations, Proclamation No. 1667 (s. 2008) declares 19 to 25 November of every year as the "Global Warming and Climate Change Consciousness Week," and enjoins government offices, agencies, and instrumentalities, including government-owned or -controlled corporations (GOCCs), to observe the occasion through relevant activities;

WHEREAS, the 2026 Global Warming and Climate Change Consciousness Week will be celebrated nationwide from 19 to 25 November 2026, to be led by the Climate Change Commission (CCC) under the theme, "*Komunidad, Kooperasyon at Koordinasyon para sa Klima*," and its successful celebration will require the active participation of all concerned government agencies and instrumentalities, as well as the support of local government units (LGUs), educational institutions, civil society organizations, and the private sector;

WHEREAS, Republic Act (RA) No. 9729 or the "Climate Change Act of 2009," as amended by RA No. 10174, establishes the CCC as the lead policy-making body of the government on climate change and vests it with functions relating to the coordination, monitoring, and evaluation of government programs and measures on climate change; and

WHEREAS, Section 17, Article VII of the Constitution vests in the President the power of control over all Executive departments, bureaus, and offices, and the mandate to ensure faithful execution of laws;

NOW, THEREFORE, the following are hereby ordered:

All national government agencies and instrumentalities, including GOCCs and state universities and colleges, are hereby directed, and all LGUs and the private sector are hereby encouraged, to extend full support and cooperation in the conduct of programs and activities relative to the celebration of the 2026 Global Warming and Climate Change Consciousness Week.

BAGONG PILIPINAS

The funding requirements for the implementation of this Circular shall be charged against the available appropriations of the concerned agencies, subject to pertinent budgeting, accounting, and auditing laws, rules, and regulations.

The Presidential Communications Office is hereby directed to promote public awareness of the programs, activities, and projects for the observance of the 2026 Global Warming and Climate Change Consciousness Week.

This Circular shall take effect immediately.

DONE, in the City of Manila, this 26th day of October, in the year of our Lord, Two Thousand and Twenty-Six.

By authority of the President:

Undersecretary for Governance and Operations

SUBJECT : **NATIONWIDE TREE-PLANTING AND SCHOOL-BASED ENVIRONMENTAL ACTION INITIATIVES IN OBSERVANCE OF THE 2026 GLOBAL WARMING AND CLIMATE CHANGE CONSCIOUSNESS WEEK**

DATE : November 06, 2026

Pursuant to Presidential Proclamation No. 1667, s. 2008, and Memorandum Circular No. 140, s. 2026, the Department of Education (DepEd) joins the nationwide observance of the **2026 Global Warming and Climate Change Consciousness Week on November 19–25, 2026**, with the theme *"Komunidad, Kooperasyon at Koordinasyon para sa Klima."* The observance underscores the importance of collective action among government institutions, schools, communities, and other stakeholders in apdvancing climate awareness, environmental protection, and climate resilience.

In support of this initiative, and in recognition of the increasing importance of climate adaptation and preparedness amid the prevailing El Niño conditions, the DepEd, through the Bureau of Learner Support Services–Youth Formation Division (BLSS-YFD), shall spearhead the conduct of a **Nationwide Tree-Planting and School-Based Environmental Action Initiative on November 20, 2026**, with the active participation of the Youth for Environment in Schools Organization (YES-O) officers, advisers, and other interested learners and school personnel.

The initiative aims to strengthen environmental responsibility, climate consciousness, and learner participation through meaningful, sustainable, and community-responsive environmental activities. Specifically, it seeks to encourage learners to actively participate in environmental conservation, support school and community preparedness for the effects of El Niño, promote responsible use of natural resources, and strengthen partnerships among schools, local government units, and relevant environmental agencies.

All public elementary and secondary schools, through their respective YES-O officers and advisers, are encouraged to conduct simultaneous tree-planting activities on November 20, 2026, after the conduct of the Monday Flag Ceremony, subject to local environmental conditions, availability of appropriate planting sites, and the necessary arrangements to ensure the survival and continued care of planted seedlings. Schools are likewise encouraged to implement complementary environmental activities during the observance of Climate Change Consciousness Week, which may include the following:

1. **Tree Planting and Tree-Growing Activities.** Planting of Philippine native, fruit-bearing, and other locally appropriate tree species, together with the establishment of learner-led tree adoption, maintenance, and monitoring initiatives.
2. **Water Conservation and El Niño Preparedness Campaigns.** Conduct of school-based information campaigns, water conservation audits, water-saving challenges, and learner-led advocacy activities promoting responsible water consumption and preparedness for prolonged dry conditions.
3. **School and Community Environmental Action.** Implementation of waste reduction and segregation initiatives, recycling and upcycling activities, school gardening, environmental clean-up drives, and other locally appropriate conservation efforts.
4. **Climate Change Awareness and Learner Advocacy.** Conduct of climate education sessions, information dissemination campaigns, environmental exhibits, peer-led discussions, and other learner-initiated activities highlighting climate change adaptation, environmental stewardship, and community resilience.
5. **Sustainable School Greening Initiatives.** Establishment or maintenance of school nurseries, gardens, and existing green spaces, including appropriate soil and water conservation measures to improve their sustainability during dry conditions.

The implementation of the nationwide initiative shall be guided by the provisions of **Annex A (Implementation Guidelines)** of this Memorandum, which outlines the coordination arrangements, roles and responsibilities, suggested activities, and sustainability measures.

To support the tree-planting activities, **DepEd Regional Offices (ROs), through their respective Schools Division Offices (SDOs), shall coordinate with their counterparts in the Department of Environment and Natural Resources (DENR)** for the identification of suitable tree species, possible provision of seedlings, technical guidance on appropriate planting sites, and recommended tree-growing and maintenance practices. Schools may likewise coordinate with the concerned City or Municipal Environment and Natural Resources Offices, local government units, and other relevant partners for additional technical and logistical assistance.

The selection of planting sites and tree species shall consider local climate conditions, availability of water, suitability of the soil, and the long-term sustainability of the activity. In areas experiencing dry conditions or limited water supply, schools may prioritize the maintenance and protection of existing trees, nursery development, or other appropriate environmental conservation activities, in consultation with DENR or the concerned local environment office.

The implementation of these activities shall be facilitated by the YES-O officers and advisers, under the supervision of their respective School Heads and in coordination with the school learner government and other relevant school clubs and organizations, as appropriate. Schools shall ensure that learner participation is voluntary, inclusive, age-appropriate, and consistent with existing policies on learner protection, safety, and the conduct of school activities.

Participating schools are encouraged to maximize available resources, existing materials, and partnerships in implementing the activities. Any expenses that may be incurred shall be subject to the availability of funds and the usual government budgeting, accounting, and auditing rules and regulations.

To document the implementation of the initiative, participating schools shall prepare a brief accomplishment report using the prescribed **School Accomplishment Report Template (Annex B)**, indicating the activities conducted, number of participating learners, number and species of trees planted, where applicable, and corresponding sustainability or maintenance arrangements. Reports shall be consolidated through the Schools Division Offices (SDOs) and Regional Offices (ROs) for submission to the BLSS-YFD, in accordance with the timelines and reporting arrangements provided in Annex A.

The Department emphasizes that the observance of Climate Change Consciousness Week shall not be limited to a one-time tree-planting activity but should encourage sustained learner-led environmental actions and the development of responsible environmental practices within schools and their respective communities.

For questions and clarifications, please contact the Bureau of Learner Support Services–Youth Formation Division through email at **blss.yfd@deped.gov.ph**.

For information, guidance, and appropriate action.

Annex A. **IMPLEMENTATION GUIDELINES FOR THE NATIONWIDE TREE-PLANTING AND SCHOOL-BASED ENVIRONMENTAL ACTION INITIATIVE IN OBSERVANCE OF THE 2026 GLOBAL WARMING AND CLIMATE CHANGE CONSCIOUSNESS WEEK**

I. General Guidelines

1. The Department of Education (DepEd) shall spearhead the Nationwide Tree-Planting and School-Based Environmental Action Initiative on **November 20, 2026**, in observance of the Global Warming and Climate Change Consciousness Week from November 19 to 25, 2026.
2. The initiative shall be implemented primarily through the Youth for Environment in Schools Organization (YES-O), with the support of school heads, YES-O advisers, learner governments, and other school clubs and organizations, as appropriate.
3. Participating schools shall conduct tree-planting activities and other environmental initiatives that promote climate change awareness, environmental conservation, responsible resource utilization, and preparedness for the possible impacts of El Niño.
4. Schools shall determine the appropriate activities based on local environmental conditions, available resources, learner needs, and opportunities for collaboration with relevant government agencies and community partners.
5. Activities shall be learner-centered, inclusive, age-appropriate, and consistent with existing DepEd policies on learner protection, safety, and the conduct of school activities.

II. Coordination and Preparation

6. DepEd Regional Offices (ROs), through their respective Schools Division Offices (SDOs), shall coordinate with the Department of Environment and Natural Resources (DENR), particularly its regional and field offices, for technical assistance in the implementation of the tree-planting activities.
7. Coordination with DENR may include the following:
    a. Identification and possible provision of suitable seedlings, particularly Philippine native and locally appropriate fruit-bearing tree species;
    b. Assessment and identification of appropriate tree-planting sites, considering local environmental and climatic conditions;
    c. Provision of technical guidance on proper planting procedures, tree-growing practices, and seedling maintenance; and
    d. Recommendations on appropriate environmental conservation and rehabilitation activities, particularly in areas experiencing prolonged dry conditions.
8. In cases where seedlings cannot be provided by DENR, participating schools may utilize seedlings from existing school nurseries or coordinate with their

respective City or Municipal Environment and Natural Resources Offices, local government units (LGUs), and other relevant partners.

9. School Heads, through their YES-O advisers, shall facilitate the identification of appropriate planting sites, available resources, learner participants, and arrangements for the continued care and maintenance of planted trees.
10. School grounds shall be prioritized as planting sites, provided that sufficient space and suitable environmental conditions are available. Where necessary, schools may coordinate with barangays, LGUs, or other concerned authorities for the use of community parks, public spaces, or designated rehabilitation areas, subject to the necessary permissions and technical recommendations.

III. Conduct of the Nationwide Tree-Planting Initiative

11. All participating schools are encouraged to conduct simultaneous tree-planting activities on **November 20, 2026**, with YES-O officers serving as the principal learner organizers and participants, under the guidance and supervision of their advisers and School Heads.
12. The selection of seedlings shall consider the suitability of tree species to the planting location, availability of water, soil conditions, and long-term maintenance requirements. For coastal areas, mangrove planting may be considered only in ecologically suitable sites and in consultation with DENR or the concerned local environment office.
13. Schools shall ensure that the necessary tools and materials are available during the activity. Existing school resources and materials may be utilized to minimize additional expenses.
14. Appropriate planting techniques, protection of seedlings, and arrangements for watering and maintenance shall be observed. Each participating school shall identify responsible persons or groups for post-planting monitoring and care.
15. In areas experiencing water shortages, prolonged dry conditions, or other environmental constraints, schools may undertake alternative or complementary activities, such as maintenance of existing trees, nursery development, soil conservation, and water conservation initiatives, upon consultation with appropriate environmental authorities.

IV. Suggested School-Based Environmental Activities

16. In addition to the nationwide tree-planting initiative, YES-O officers are encouraged to initiate and implement the following environmental activities:

Suggested Activity	Description / Expected Output
Adopt-a-Tree and Tree-Growing Program	YES-O members adopt newly planted or existing trees, maintain simple monitoring records, and coordinate their care with school personnel

Every Drop Counts: School Water Conservation Campaign	Learner-led water conservation information drives, identification of water-saving practices, and monitoring of avoidable water wastage
El Niño Ready Schools Campaign	Peer-led awareness sessions, posters, information materials, and school preparedness discussions focusing on heat, water conservation, and environmental protection
YES-O Climate Action Challenge	Learner groups identify a school environmental concern and implement a practical, low-cost project addressing the issue
Green School, Green Community	School and community clean-up activities, waste segregation, recycling, upcycling, and maintenance of green spaces
School Nursery and Sustainable Gardening	Establishment or improvement of school nurseries and gardens using appropriate species and water-efficient practices
Climate Conversations and Environmental Advocacy	Peer-led discussions, environmental exhibits, reflection activities, and advocacy campaigns promoting climate responsibility and community resilience

17. The activities may be integrated into existing YES-O programs, General Plans of Action, and other approved learner formation initiatives. Schools may select one or more activities depending on their available resources and local priorities.
18. YES-O officers are encouraged to involve other learners through inclusive and meaningful participation, ensuring that the activities are not limited to elected officers and organization members.
19. Schools are encouraged to strengthen coordination with their respective learner governments, which may assist in learner consultation, information dissemination, coordination with other school organizations, and mobilization of volunteers.

V. Learner Safety and Protection

20. School Heads and YES-O advisers shall ensure appropriate supervision, safety measures, and compliance with existing learner protection policies throughout the conduct of the activities.
21. Tree-planting and outdoor environmental activities shall be conducted only when weather and site conditions are safe. Schools shall consider heat exposure, availability of drinking water, accessibility of the venue, and the physical capabilities of participating learners.
22. Appropriate arrangements, including parental consent where required, shall be secured for activities conducted outside school premises.

23. Learners shall not be assigned hazardous tasks, including handling dangerous equipment, entering unsafe areas, or performing activities beyond their age and capabilities.
24. Schools shall comply with applicable DepEd guidelines on class schedules, instructional time, and learner participation. No suspension of classes or shift to asynchronous learning is authorized under these guidelines.

VI. Monitoring, Documentation, and Reporting

25. Participating schools shall document the activities conducted and prepare a brief accomplishment report containing the following information:
    a. Name of school, SDO, and region;
    b. Environmental activities conducted and their corresponding dates;
    c. Number of participating learners and personnel;
    d. Number and species of trees planted, if applicable;
    e. Location of planting sites and maintenance arrangements;
    f. Participating partners, including DENR, LGUs, or community organizations, if applicable; and
    g. Activity photographs and a brief description of accomplishments.

26. Schools shall submit their accomplishment reports to their respective SDOs on or before **November 30, 2026**. SDOs shall consolidate school reports for submission to their respective ROs on or before **December 4, 2026**.
27. ROs shall submit their consolidated regional accomplishment reports to the BLSS-YFD on or before **December 11, 2026**, through the reporting mechanism to be communicated by the Division.
28. ROs are encouraged to share the consolidated tree-planting information with their DENR regional counterparts for monitoring and possible technical validation.

VII. Sustainability and Continuing Environmental Action

29. School Heads, in coordination with YES-O advisers and officers, shall establish arrangements for the continued care and maintenance of planted trees, including the designation of responsible personnel or learner groups and the periodic assessment of tree conditions.
30. Where trees are planted outside school premises, appropriate coordination with LGUs, barangay officials, or concerned community partners shall be undertaken to ensure continuity of care.
31. YES-O officers are encouraged to incorporate follow-through activities into their approved General Plans of Action, particularly tree-growing, water conservation, waste reduction, and community-based environmental projects.
32. Schools shall prioritize the sustainability and measurable environmental benefits of their initiatives, recognizing that the success of the program depends not only on the number of trees planted or activities conducted but

also on sustained learner participation and the continued protection of the environment.

VIII. Funding and Other Provisions

33. The implementation of the initiative shall maximize available school resources, existing partnerships, and voluntary support from concerned government agencies and community stakeholders.
34. Any expenses incurred in the implementation of the activities shall be subject to the availability of funds and the usual government budgeting, accounting, and auditing rules and regulations.
35. For questions and clarifications, concerned offices may coordinate with the BLSS-YFD through **blss.yfd@deped.gov.ph**.

Annex B. School Accomplishment Report

I. SCHOOL INFORMATION

Particulars	Details
Name of School	
School ID	
Schools Division Office	
Region	
Name of YES-O Adviser	
Date/s of Activities Conducted	

II. ENVIRONMENTAL ACTIVITIES CONDUCTED

Check all applicable activities and indicate the number of participating learners.

Environmental Activity	Conducted (✓)	No. of Learners
Tree Planting and Tree-Growing		
Water Conservation and El Niño Preparedness Campaign		
School and Community Environmental Action		
Climate Change Awareness and Learner Advocacy		
Sustainable School Greening Initiatives		
Others (please specify): _____		

Total Number of Unique Learners Participating: _____ Total Number of Personnel Participating: _____

III. TREE-PLANTING ACCOMPLISHMENTS (IF APPLICABLE)

Tree Species	Number Planted	Location of Planting Site	Source of Seedlings
