DIVISION MEMORANDUM
No. 534, s. 2026

DIVISION CAPACITY-BUILDING PROGRAM ON SCHOOL RESILIENCE: ENSURING CONTINUITY OF EDUCATION DURING EMERGENCIES

TO: : Schools Division Superintendents
Assistant Schools Division Superintendents
Chief Education Supervisors (CID & SGOD)
Education Program Supervisors
Public Schools District Supervisors
Public Elementary and Secondary School Heads
DRRM Division Coordinator
All Others Concerned

1. To strengthen school resilience and safeguard learning continuity amid recurring typhoons, extreme heat events, and other emergencies across the Province of Bulacan, the Schools Division of Bulacan, through the Disaster Risk Reduction and Management (DRRM) Section, will conduct a Division Capacity-Building Program On School Resilience: Ensuring Continuity of Education during Emergencies on November 26–28, 2026. The activity will follow a blended modality: Face-to-Face sessions on Day 1 (November 26) at Sta. Maria Central School, Sta. Maria, Bulacan, and Day 2 (November 27) at the 3rd Floor, Municipal Hall, San Rafael, Bulacan, followed by an online session on Day 3 (November 28).

2. The increasing frequency and intensity of extreme heat events pose significant challenges to learner health, safety, water security, classroom participation, and overall academic performance. As emphasized by UNESCO and the World Health Organization (WHO), building heat-health preparedness and climate-resilient educational environments is critical to safeguarding school communities and ensuring uninterrupted delivery of quality, inclusive basic education.

3. This Learning and Development (L&D) activity aims to equip school heads and key teaching and non-teaching personnel with enhanced competencies and practical strategies. Specifically, the activity intends to enable participants to:

a. Demonstrate enhanced knowledge and skills in disaster preparedness, heat-health management, water security, and emergency response to protect learner and personnel well-being;

b. Apply appropriate learning continuity strategies and Alternative Delivery Modalities (ADM) during extreme heat conditions and climate-related disruptions; and

c. Develop and implement school-based preparedness, response, and coordination plans through effective stakeholder engagement, resource mobilization, and Incident Command System (ICS) mechanisms.

4. Target participants for this activity include School Heads, Public Schools District Supervisors (PSDS), School Heads in elementary and secondary schools in SDO Bulacan. Pre-registration shall be accomplished through the designated official link.

5. The two-day activity matrix detailing the modules, sessions, resource persons, and schedules is outlined below:

6. Expected Output: All participating school teams are required to submit a comprehensive School Super El Niño Preparedness and Learning Continuity Enhancement Plan at the conclusion of the workshop. The plan shall incorporate heat-health safety protocols, ADM schedules, water conservation strategies, and an ICS matrix.

7. Funding Source and Expenses: Expenses relative to the conduct of this activity shall be charged against ADM Program Support Funds (ADM PSF) and/or local school MOOE, subject to existing accounting and auditing rules and regulations.

8. Enclosed in this Memorandum are the following reference documents:

9. Immediate and wide dissemination of and strict compliance with this Memorandum is desired.
